## Manage Project Governance

### Course Duration

Face to face: 1 day

PDU's: 8

### Course Objectives

Governance in general is how an organisation controls its actions. Governance can be described as the organisations business quality assurance model: systems, policies, processes, procedures, and work instructions. It is the primary means of maintaining oversight and accountability in a structured and controlled manner.

Manage Project Governance aims to provide participants with the knowledge and understanding of what is governance, how it applies in the organisation, what strategy implements systems to monitor and record what is going on in the organisation, what steps to ensure compliance with agreed policies, and what corrective action in cases where the rules have been ignored or misconstrued needs to be taken.

This **one (1) day** course will give participants a solid understanding that project management involves having appropriate governance structures and processes in place to effectively manage and control projects based on the *Project Management Body of Knowledge (PMBOK®) Guide 5<sup>th</sup> Edition*.

### Learning Outcomes

Define governance.

- Define corporate governance.
- Define the benefits of having project governance.
- Understand the different structures of project governance.
- Define the various roles in project governance.
- Understand the principles of governance.
- Define the pillars of governance.

## Delivery Strategy

This **one (1) day** program is engaging and will be led by our experienced trainers who have combined management experience and academic excellence.

Our program design and delivery is based on adult learning principles and experiential learning.

Participants will receive a *state-of-the-art* student manual with all reference material, PowerPoint presentations and activities, as well as the formal assessment.

## RPL and Credit Transfer

Institute of Management can formally recognise a student's existing level of skills and knowledge in two ways:

- Recognition of prior learning (RPL).
- Credit transfer.
